

Dear Member,

Due to the Covid 19 pandemic things are a little different to the DA and THS camping that we are used to and we now have to operate as pop up campsites rather than social gatherings for the foreseeable future. **In particular, please note that you will need to book your pitch before travelling.** Please take the time to familiarise yourself with the new rules for camping set out below in accordance with the Camping and Caravanning Club Green Paper 3.16 and the government guidelines. **You may find it useful to print or save this document as we are unable to provide paper copies.** We are all learning together and things may change as we gain experience of the new way we have to operate and government and HQ guidance evolves.

We are sure we will all adjust to the new way of camping and are just very pleased to be offering the great value afforded by DA camping once again!

Before Travelling:

Wherever possible please book your pitch in advance by visiting the new WEDA Sum Up shop via the appropriate link on the website for the meet you wish to attend. Please make your booking between 7 and 2 days before the meet starts. Please enter your details in the delivery section as requested as this will provide us with the details we need to keep for NHS Track & Trace. The details will be deleted 21 days after the close of the meet. Your Sum Up receipt will be your booking confirmation.

You will still need to show your membership card and book in when you arrive at site.

If you have not booked and paid in advance by using the SumUp shop please do not travel to the site before first calling the steward to confirm there is a pitch available for you. They will then ask you to text them your name, membership number, home address and arrival and departure dates as part of our Track & Trace procedures. The steward's return text to you will be your booking confirmation. Payment will be taken on site see below for details.

Please do not travel if you have any of the following symptoms, or have been told to self-isolate by track and trace:

- New continuous cough
- Raised temperature
- Achy limbs
- Loss of taste or smell

Please ensure you bring your own anti-viral hand sanitiser and antiviral surface wipes with you on arrival at the site.

Please bring your booking confirmation text/e-mail with you.
